Analysis and actions being taken re debt over 90 days

1. Rental Deposit Scheme - these are deposits provided to residents to enable them to rent a property and are to be repaid when they leave and make up the majority of Community \& Housing Strategy debts over 365 days. The more recent debts have instalment plans in place.
2. Referred to legal - the debt is now in the hands of the Council's legal team who will first issue a Letter Before Action and if appropriate seek a County Court Judgement.
3. Payment plan - these customers are paying their debt in instalments, as a result of an agreement with officers or terms set by a court.
4. Chasing - these debts are being actively pursued directly with the customer by the department who provided the service or by Finance. This is the step before considering referring the debt for legal action or when legal action is inappropriate e.g. another local authority or partner organisation.
5. Garages - these debts are being pursued by the Garages Team using direct customer contact and legal action where appropriate. Annual income from garage rents is around $£ 2.3 \mathrm{~m}$ across over 4,000 garages.
6. Balances of less than $£ 50$ - many of these debts are ground rent and an exercise is underway to chase up the non payment of these charges.
7. Unallocated credits - these arise when customers pay a different amount than the invoice issued or where a customer pays in advance of an invoice being raised.
8. Hatfield Town Centre - the total annual rental income from commercial tenants is $£ 544 \mathrm{k}$.
