6/2016/0270/VAR

Address Four Oaks 1-4 Great North Road Welwyn AL6 0PL

Proposal Variation of conditions 1 (occupants) and 2 (number of caravans) of Planning Permission N6/2010/0211/S73B to increase the number of caravans from 10 to 20 of which no more than 5 shall be static caravans or mobile homes.

Applicant Mr J Connors

Ward Welwyn West

Agent Mr M Green

Call-In/Objection from Councillor Julie Cragg, Welwyn Hatfield Borough Council

Reason for Committee Decision Please can we call this in due to the fact that this raises a lot of issues of concern for the residents.
There is uneasiness about the fact that the number of caravans fluctuates wildly and that they residents do not appear to adhere to the planing that they do have.
The restrictions regarding children is there as this was not intended to be a permanent site but only to give stability to the children to enable them to attend school.
Are they planning to use caravans as an office sutie and run business's from there? [sic]

Case Officer Mr Michael Robinson

Address Four Oaks 1-4 Great North Road Welwyn AL6 0PL

Proposal Variation of conditions 1 (occupants) and 2 (number of caravans) of Planning Permission N6/2010/0211/S73B to increase the number of caravans from 10 to 20 of which no more than 5 shall be static caravans or mobile homes.

Applicant Mr J Connors

Agent Mr M Green

Call-In/Objection from Jasmine McCabe, Welwyn Parish Council

Reason for Committee Decision 15/03/2016 21:43 - Welwyn Parish Council at its Planning & Licensing Committee of the 15 March 2016 agreed to submit Major Objection. We are unclear why the existing conditions have not been enforced. We understand that the site was permitted as a temporary location linked to the schooling of the children which have now grown up and not as a permanent site. We are concerned that the number of caravans has continued to increase overtime

both with, and without, permission and Welwyn Hatfield Borough Council have previously stated that 10 is the maximum that can be accommodated. The existing conditions include that the land should be restored in accordance with the scheme previously submitted and approved by the planning authority as the residents may have already changed.

Case Officer Mr Michael Robinson

Address Thunderbridge Yard Bulls Lane Hatfield AL9 7BB

Proposal Variation of condition 1 to extend the temporary permission; condition 3 to permit eight caravans of which no more than five would be static caravans; condition 4 to vary the approved drawings; and condition 5 to vary the site development scheme; of planning permission S6/2011/0116/FP

Applicant Mr J Robb

Ward Welham Green & Hatfield South

Agent Mrs A Heine

Call-In/Objection from Councillor Paul Zukowskyj, Welwyn Hatfield Borough Council

Reason for Committee Decision I would like to formally 'call in ' this applicaiton as it meets at least two of the key criteria for a call in, namely 1. The application is of an unusually sensitive nature as the current use of the site has led to significant adverse impact on neighbours amenity and that development beyond that permitted had occurred at the site. 2. The wider ramifications are the potential impact of permitting this development may have on setting precedent for permitting neighbouring sites in the forthcoming local plan examination in public. There is also the precedent that would be set of permitting such developments, even for a limited period, in flood zones.

Case Officer Mr Mark Peacock

Call-In/Objection from Christine Wootton, North Mymms Parish Council

Reason for Committee Decision NMPC OBJECT as this is clearly a new application. The name of the applicants is not the name to whom the extant Permission was originally given.

The Government Planning Policy for traveller sites Policy E, in its introduction, states that making and decision taking should protect the Green Belt from inappropriate development - Item 4d and Item 16 state that inappropriate development is harmful to the Green Belt except in exceptional circumstances. None have been indicated.

Item 4f - further states the local planning authority should aim to reduce the number of unauthorised developments and encampments. This site has consistently exceeded the numbers stated in the original Permission and it is too small a site to be abused in this way.

Item 4k - states the local planning authority have to have due regard to the protection of local amenities and local environment.

There have also been sanitary issues arising from the over-use of the site. One or more travelling caravans have also been let to itinerant workers in contravention to the terms of the licence. This has caused considerable problems to the neighbourhood.

Item 13 of the Planning Policy for traveller sites states the local planning authority should ensure that their policies:

- a) promote peaceful and integrated co-existence between the site and the local community
- f) avoid placing undue pressure on local infrastructure and services
- g) do not locate sites in areas at high risk of flooding, including functional floodplains, given the particular vulnerability of caravans

Policy E, Item 24 addresses local provision and it is the case that WHBC do not have a firm policy on Gypsy and Traveller sites in the Borough but there are existing sites in Welham Green – including a long term Showmans site which causes no trouble – however the Foxes Lane site also is also over used as the numbers of caravans exceeds the permitted numbers.

Item 27 states that if a local planning authority cannot demonstrate an up to date 5 year supply of deliverable sites this should be a material consideration and in this case the existing sites result in over supply in Welham Green therefore any expansion is unwarranted.

Item 25 states that the local planning authority should very strictly limit traveller site development in the Green Belt and further”sites in rural areas do not dominate the nearest settled community.” Expansion of this site would cause stress on services and neighbours.

Item 16 Inappropriate development is harmful to the Green Belt and should not be approved, except in very special circumstances. Traveller sites (temporary or permanent) in the Green Belt are inappropriate development. Subject to the best interests of the child, personal circumstances and unmet need are unlikely to clearly outweigh harm to the Green Belt and any other

harm so as to establish very special circumstances, none of which have been indicated in this case.

Item 24(a) The Local Planning Authority has to take into account the existing level of local provision and Welham Green currently has provision. Indeed, even this is exceeded unlawfully – see report from Dennis Pennyfather, Licensing Technical Officer, dated 24 August 2016.

Item 25 This further states the Local Planning Authority should very strictly limit sites in rural areas should not dominate the nearest settled community. Of late the activities at Thunderbridge Yard have caused extreme concern and disturbance to the neighbourhood. Police and other authorities are aware of this, which seems to arise from the subletting of the excessive on-site accommodation to persons other than gypsies or travellers.

Footnote 9 States there is no presumption that a temporary grant of Planning Permission should be granted permanently, therefore North Mymms Parish Council consider, taking into account comments by Licensing Technical Officer that the site is not big enough, there are fire safety issues and this is a known flood plain with previous flooding issues, caravans on this Green Belt site are inappropriate development.

Agent Mr David Jobbins
Call-In/Objection from Councillor Jane Quinton, Welwyn Hatfield Borough Council
Reason for Committee Decision 15/03/2021 10:45 - I wish to call in the planning application for presentation to the DMC.
There has been considerable concern from residents in the area about the new placement of the local centre immediately behind their properties, which they feel will be disruptive. In previous versions of the masterplan, houses were always placed adjacent to existing properties. There has also been concern about the placement of the School and Gypsy and Traveller site as well as the illustrative masterplan. I therefore feel the concerns of these residents need to be addressed in a public forum.

Reason for Committee Decision Thanks. I would like to call this one in, though I realise it was probably heading to DMC anyway.

Reason for Committee Decision 20/04/2021 15:14 - The Chairman of Planning Committee raises a Major Objection having spoken to Cllr Eames-Petersen. I refer you to emails addressed to the Planning Officer & Planning@ email address requesting advice which is awaited. This Council supports the comments of the Borough Ward Councillors. This application is much taller than the exiting mast. Operators are under an obligation to consider the natural and built environment when locating masts and limiting their visual effect. Call-In/Objection from The Clerk, Northaw & Cuffley Parish Council

Reason for Committee Decision 27/10/2021 10:23 - The Parish Council are submitting a major objection on the basis that access arrangements and car parking are unrealistic for the size of the development, the application is out of character within the area. The Parish Council consider the application to be overdevelopment of the current plot and would urge officers to consider that the area within the application is at the time of applicaiton not under the sole ownership of the applicant.

1/12/2021 13:27 - The Parish Council notes the amendments in this application but still wish to submit a major objection to this application. Call-In/Objection from Councillor Sunny Thusu, Welwyn Hatfield Borough Council

Reason for Committee Decision 28/12/2021 13:19 - I would like to make a conditional call in on this application as many residents have contacted me and my fellow Borough Councillors very concerned about the latest and increasing development of this site within the green belt. In accordance with our constitution, I believe it raises some unusual and sensitive planning issues as well as attracting a high level of public interest. If the officer is minded to approve this application, I would request that it comes to the Development Management Committee for further scrutiny and consideration

Proposal	Proposed alterations and side extension to western elevation of existing building.
Applicant	Mr J Connors
Ward	Welwyn West
Agent	Mr Graham Clark
Call-In/Objection from	Jasmine McCabe, Welwyn Parish Council
Reason for Committee Decision	4/01/2022 20:09 - Welwyn Parish Council at its Planning and Licencing Committee, held on the 4th January 2022, agreed to submit the following: Permission was granted for a building with the dimensions of 9m x 7m and a maximum height of 4m in 2010; no extension to these measurements has ever been asked for or approved, therefore Welwyn Parish Council do not accept that the four year ruling should apply. The site plan is inaccurate and misleading because it does not show the true density of caravans and buildings currently on the site, which is known in excess of granted permissions and regulations. Therefore we believe this to be an invalid application.

Reason for Committee Decision	13/12/2021 11:18 - I wish to call in this application because it proposes a major development on greenbelt land which is not within the current local plan and exceeds the proposals in the draft Local plan. In addition, the application does not comply with Biodiversity legislation in the 2021 Environment act.

Ward	Welham Green & Hatfield South
Agent	Andrew Boothby
Call-In/Objection from	Christine Wootton, North Mymms Parish Council
Reason for Committee Decision	18/01/2022 13:44 - Major Objection. The original restrictions were put on in the first place owing to the close proximity to a considerable number of residential dwellings, both to the south of the site, immediately opposite at Pooleys Lane and to the south-eastern corner extension of Pooleys Lane into a cul-de-sac. These are family homes and some of the bungalows are occupied by older residents with bedrooms to the front. An additional 4.5 hours a day Monday to Friday is not a modest increase and would not be acceptable as it would create noise, intrusion and disturbance, for example reversing beepers, at a time of day when people and children are settling down for the evening. The status quo (the original Conditions 3 & 4 of planning permission S6/2006/0760/FP) is reasonable and having operated for 15 plus years has been accepted by residents. Any increase in operating hours would be inappropriate in this location. It is noted that the Noise Assessment Survey range at tables at 4.2 is between 43-53 decibels, in excess of guidance stated at 2.3 of the Noise Assessment. This is material, particularly as the Planning Statement at 2.3 states that the building is vacant, therefore the Noise Assessment is not reflective of the occupied use of the Application site. North Mymms Parish Council are concerned that local residents have not been consulted over this variation which is significant and material.

Reason for Committee Decision	13/01/2022 13:34 - The Parish Council reviewed this application and noted they have submitted comments on a previous application, it appears that there are no material changes so they wish to resubmit their previous major objection on the basis that is overdevelopment of the plot. The application is attempting to squeeze two properties into this plot, it is not consistent and out of character for the area and there is poor vehicular access for the size and nature of this proposed development.

Call-In/Objection from Sam Frake, Hatfield Town Council
Reason for Committee Decision 11/02/2022 11:36 -
Decision The modified profile of the building is less dominating and the reduced height is welcomed. However the parking issue has not been resolved. The statement by the parking officer outlines the many errors in the planning document. The image on page 11 of the Transport document is completely out of date. Parking options are limited to the Multi-storey car park in The Common and Asda customer car park. We assume the one non-disabled

parking space is for staff. Does this mean there will never be 2 or more staff requiring parking on duty? The small patch of land between this site and the existing church is used for funeral and wedding cars and those visiting the graveyard. It can not be used as a builders compound. The site is on a busy roundabout with limit access and egress. Large numbers of cars dropping people off and picking up will be a danger for other drivers. There still appears to be no fire escape from the upper floor of the building which we consider to be a serious omission. The tree reports included are now over 4 years old and the trees in Coronation Gardens and the Church yard should be reconsidered. The diagrams associated with the tree report do not show the proposed footprint of the planned building so how can the comments be accurate? We hope from these comments it is clear that the purpose of a community centre is not the issue. For these reasons we still raise a major objection to this development.

Call-In/Objection from Christine Wootton, North Mymms Parish Council

Reason for Committee Decision 1/03/2022 10:35 - Major Objection. No Special Circumstances have been given for a new residence in the Green Belt. This is abuse of the grant of a Certificate of Lawfulness for an ancillary building. North Mymms Parish Council maintain the Major Objection that this is an overlarge proposal which would cause harm as it would be inappropriate and highly visible and obtrusive, therefore affect the visual amenity of the Green Belt. The amount of fenestration and glazing would impact the area as a result of glare, particularly from the south elevation. The property will also require access by car (as shown on the basement plan) therefore this is not a sustainable site.

Call-In/Objection from Christine Wootton, North Mymms Parish Council
Reason for Committee Decision 31/03/2022 10:23 - The Green Belt would be adversely affected by proposal which amounts to overdevelopment of the site, be visually intrusive and result in harm. The new builds would be "back land" development. Access to the site is narrow and restricted as it is on a bend on the road. NMPC note HCC Highways recommendation for refusal. Ward Welham Green & Hatfield South
Agent Mr Tyrone Koursaris
Call-In/Objection from Christine Wootton, North Mymms Parish Council
Reason for Committee Decision 23/03/2022 11:49 - The proposal is totally out of keeping by virtue of the scale, volume, mass and lack of sympathetic design. It would be inappropriate development in the Green Belt and would have a detrimental impact on the openness, particularly at this highly visible corner site therefore would cause harm.
The original building was single storey in keeping with all the bungalows at this end of Warrengate Lane and was set well back from the road. The proposal bears no relation as a replacement and contravenes NPPF paragraph 147, 148 and 149.d). No special circumstances have been demonstrated and given that it was built in 1929 pre the 1947 Planning Act the amount of protection afforded to the site should carefully take account of the size of the original building.

Proposal Erection of a replacement dwelling with attached garage following demolition of existing dwelling (retrospective)

Call-In/Objection from Councillor Paul Zukowskyj, Welwyn Hatfield Borough Council
Reason for Committee Decision 30/03/2022 11:44 - In the event that the case officer intends to recommend approval I would like to call in this application as it presents a departure from local planning policy and is locally sensitive in terms of the impact on the green belt of this application. Specifically, the construction of a two storey dwelling with a pitched roof departs radically from the form and structure of the street in which this site sits (all being single-storey, albeit with high pitched roofs, many with conversions). This sensitive location would present issues with local residents as being out of keeping. Further, the impact on green belt of the increased height and volume of the proposed structure would mean the application was not compliant with planning policy and as such that departure means the application should be determined by committee.

Proposal Erection of an outbuilding to provide a home gym and office
Applicant Mr and Mrs R Nicholas
Ward Brookmans Park & Little Heath
Agent Mr Graham Fisher
Call-In/Objection from Christine Wootton, North Mymms Parish Council
Reason for Committee Decision 31/03/2022 10:27 - This proposal is inappropriate overdevelopment in the Green Belt which would be intrusive in the landscape and cause harm to the openness particularly in this location beside an historic listed local landmark. Trees on the boundary to the south will not be a permanent screen and the proposal will be visible when they lose their leaves in winter. The site is also visible from the north as it is in an elevated position above the open farmland.
This standalone building could become a separate dwelling.
No special circumstances have been given which would outweigh the harm on the Green Belt and on a heritage asset.
Case Officer Ms Elizabeth Mugova

Address	The Bungalow Great North Road Hatfield Hertfordshire AL9 6DB
Proposal	Outline application for the erection of two detached dwellings (bungalow design) with all matters reserved
Applicant	Mr Daniel Brunt
Ward	Welham Green & Hatfield South
Agent	Mr Philip Koscienc
Call-In/Objection from	Christine Wootton, North Mymms Parish Council
Reason for Committee Decision	31/03/2022 10:24 - Two bungalows on this site would be too much as they would obscure more of the Green Belt therefore be harmful to the openness and visual amenity. NMPC are concerned about the additional access onto the A1000 at a busy point on this main arterial road next to a petrol station in constant use. No special circumstances exist to outweigh the harm.
Case Officer	Ms Ashley Ransome
