

WELWYN HATFIELD BOROUGH COUNCIL
DEVELOPMENT MANAGEMENT COMMITTEE – 25 MAY 2017
REPORT OF THE EXECUTIVE DIRECTOR (PUBLIC PROTECTION, PLANNING AND
GOVERNANCE)

6/2017/0090/FULL

11 AND 11A HOLLY CLOSE HATFIELD AL10 9JB

CONVERSION OF EXISTING DWELLING AT 11 HOLLY CLOSE INTO TWO SELF
CONTAINED 2-BED FLATS AND EXTENSION OF FRONT PORCH

APPLICANT: Dr Mahmud

AGENT: Mr Ravi

(Hatfield South West)

1 Site Description

- 1.1 The application site is situated on the western side of Holly Close and accommodates a mid terrace dwelling with front and rear gardens. The surrounding area and street scene are residential in character and contain dwellings similar in respect of both size and appearance. The property is one of a group of dwellings which form part of an originally planned residential area of Hatfield Town dating from the 1950's.
- 1.2 A small one bedroom dwelling (11a Holly Close) which adjoins the north side of the application property was erected following the grant of planning permission in 2004 under reference S6/2004/0330/FP. The same application also included permission for a part two storey, part single storey rear extension to the application property to form a five bedroom dwelling. Nos.11 and 11a share a vehicular access and a block paved area to the front of the property which provides off street parking for up to five cars.

2 The Proposal

- 2.1 Planning permission is sought for the erection of a porch extension and conversion of the resultant building into two self-contained flats each with 2 bedrooms.

3 Reason for Committee Consideration

- 3.1 The application is presented to Development Management Committee because Councillor James Broach has called it in for the following reason:

“The loss of a family style home in this part of town would set an extremely dangerous precedent, by virtue of it being of a completely different style of accommodation to the surrounding area (i.e. a set of flats in an area otherwise surrounded by family houses and HMOs).

Furthermore, there are already extremely well documented traffic issues in this area and particularly on this street. On several occasions Serco have not been

able to get their bin lorries down this road and/or the surrounding areas despite switching to a smaller lorry. Indeed just last year, an ambulance was unable to reach a patient due to the traffic issues in this area.

Both the construction traffic, and any additional traffic the proposed development may generate, could only exacerbate this.

I note that a similar application in High Dells was refused just recently under delegated powers. I urge the same decision to be made in this case.”

4 Relevant Planning History

- 4.1 S6/2015/1179/FP – Change of use from nil to C3 use (Granted 09/10/2015)
- 4.2 S6/2013/2507/EA – Enforcement appeal dismissed 20/10/2014
- 4.3 S6/2013/2313/LUE – Certificate of lawfulness for existing use of House in Multiple Occupation (Use Class C4) (Refused 22/11/2013)
- 4.4 S6/2013/0743/FP – Change of use from a dwellinghouse (Use Class C3) to a six bedroom house in multiple occupation (Use Class C4) (Refused 10/10/2013 and subsequently dismissed at appeal on the 20/10/2014)
- 4.5 S6/2012/2415/FP – Change of use from eight bedroom dwellinghouse (Use Class C3) to an eight bedroom large house in multiple occupation (Sui Generis) (Refused 16/01/2013)
- 4.6 S6/2012/1198/FP – Retention of single storey rear extension (Granted 16/10/2012)
- 4.7 S6/2004/0330/FP – Erection of two storey extension to existing dwelling and one new dwelling (Granted 13/05/2004)
- 4.8 S6/2003/1605/FP – Erection of two storey rear extension and part single storey, part two storey side extension to form new dwelling (Refused 29/01/2004)
- 4.9 S6/2002/1507/FP – Erection of two storey side and rear extension to incorporate new dwelling to side (Refused 3/03/2003)
- 4.10 S6/2002/0927/FP – Two storey extension to an existing property and conversion into four student residential units (Refused 12/08/2002)

5 Relevant Planning Policy

- 5.1 National Planning Policy Framework 2012
- 5.2 Welwyn Hatfield District Plan 2005
- 5.3 Supplementary Design Guidance, February 2005 (Statement of Council Policy)
- 5.4 Supplementary Planning Guidance, Parking Standards, January 2004
- 5.5 Interim Policy for Car Parking Standards and Garage Sizes, August 2014

6 Site Designation

6.1 The site lies within the specified settlement of Hatfield as designated in the Welwyn Hatfield District Plan 2005

7 Representations Received

7.1 Neighbouring occupiers were consulted by way of letter. One objection has been received which may be summarised as:

- Compared to a single dwelling, flats will result in additional noise disturbance to the occupiers of the adjoining property.
- The development will require additional bins.
- Insufficient parking provision - parking is a particular problem and Holly Close is too small a road to cope with this development.

8 Consultations Received

8.1 The following have responded advising that they have no principle objections to the proposal:

8.2 **Hertfordshire County Council Transport Programmes and Strategy (HCCTPS)** – does not wish to restrict the grant of planning permission.

8.3 **Welwyn Hatfield Borough Council Client Services (WHBC)** – This development can be incorporated into the existing Alternate Refuse and Recycling Collections (ARRC). Refuse and recycling bins would be provided for the additional property free of charge. The developer needs to ensure there is sufficient place to store the bins within the boundary of the properties.

9 Town / Parish Council Representations

9.1 Hatfield Town Council – None received

10 Analysis

10.1 The principle issues to consider, having regard to relevant development plan policies, the National Planning Policy Framework and all other material considerations are as follows:

- 1. The principle of the development (Policies GBSP2, SD1, R1, H1, H2, H3 and H4 of the Welwyn Hatfield District Plan 2005)**
- 2. Quality of design and impact on the character and appearance of the area (H4, D1, D2 and Supplementary Design Guidance (SDG))**
- 3. Quality of design with particular regard to the residential amenity and living conditions of neighbouring occupiers and future occupiers (H4, D1, R19 and Supplementary Design Guidance)**
- 4. Access, impact on the highway network and parking provision (H4, M14 and SPG)**
- 5. Other material planning considerations**

Background

- 10.2 The house was used as an eight-bedroom House in Multiple Occupation (HMO) in the period leading up to the date when an enforcement notice was issued on the 11 November 2013. The enforcement notice was upheld by the Planning Inspectorate on the 20 October 2014. Exactly when occupation by eight persons started (as opposed to a smaller number) is not clear but seems to have been some time after alterations were made to the property in 2010. Before then, apparently from 2009, the house was evidently used as an HMO, but not with as many as eight occupiers. Even though there had evidently been some multiple occupancy in the past by smaller numbers of people, the use of the property as an eight-bedroom HMO was unlawful.
- 10.3 In the absence of precise historical details, the Planning Inspector concluded that it is quite likely that by the time of application S6/2013/0743/FP in April 2013 the property had lost all use rights, since the existence of an intervening use (whether lawful or unlawful) usually indicates abandonment of a previous use. In the circumstances the Inspector judged it appropriate to assess the case on the basis that it was a change of use from “nil use” to use as an HMO for occupation by six persons. The appeal against refusal of planning permission was subsequently dismissed resulting in the application site having a nil use.
- 10.4 Planning permission was granted in October 2015, under reference S6/2015/1179/FP, to the return of the application site to its historical use as a dwellinghouse falling within Use Class C3 with six bedrooms.

1. The principle of the development

- 10.5 Local Plan Policy SD1 states that development proposals will be permitted where it can be demonstrated that the principles of sustainable development are satisfied and that they will accord with the objectives and policies of the Local Plan. Policy R1 requires development to take place on previously developed land and Policy GBSP2 directs new development into the existing towns and specified settlements within the district. These objectives are consistent with the National Planning Policy Framework (the Framework) which encourages the provision of more housing and the effective use of land by reusing land that has been previously developed provided that it is not of high environmental value. At the heart of the Framework is a presumption in favour of sustainable development, which should be seen as a golden thread running through decision-taking.
- 10.6 One of the reasons for calling in this application relates to the loss of a family home. Policy H3 deals with loss of residential accommodation and states that planning permission will not be granted for redevelopment which would result in the net reduction in the number of dwellings within the district. The policy does not deal specifically with the loss of ‘family homes’. In this case, the proposed conversion of the existing single dwelling to form two self contained flats would result in a net increase of one dwellings and therefore accords with Policy H3 of the Welwyn Hatfield District Plan.
- 10.7 Policy H4 outlines that the Council will generally support applications for the conversion of large residential units to provide smaller self contained units provided that it does not result in a development that is detrimental to the appearance of the application building and the visual amenity of the area; would

not adversely affect the amenity of neighbouring residential properties; and would provide appropriate amenity space. These issues are discussed below.

- 10.8 The application site currently hosts a two storey six bedroom mid-terrace dwelling located within the Town of Hatfield. The application site is also located within an area which is accessible by non-car modes of transport and where there are services and facilities available within walking distance of the site. Furthermore, there are no known physical or environmental constraints at this site. Based on the above, the proposal would not be in contradiction with Local Plan Policies SD1, R1, GBSP2, H2, H4 and the Framework subject to an assessment of the scheme against the principles of sustainable development saved policies governing residential development which are considered below.

2. Quality of design and impact on the character and appearance of the area

- 10.9 In addition to Policy GBSP2, H2 and H4 outlined above, Local Plan Policies D1 and D2 aim to ensure a high quality of design and to ensure that development respects and relates to the character and context of the locality, maintaining and where possible enhancing the character of the existing area. These policies are expanded upon in the Council's Supplementary Design Guidance (SDG) which requires the impact of a development to be assessed giving regard to the bulk, scale and design of the proposal and how it harmonises with the existing building and area.
- 10.10 The only change in regard to the external appearance of the building is an extension to the side of the existing porch. The extension would increase the width of the porch by just 400mm. Subject to a suggested planning condition regarding matching materials, it is considered that the proposal would reflect the design and character of the dwelling and would maintain the character of the area. In this respect, no objections are raised with regard to the NPPF and Local Plan Policies.
- 10.11 It is acknowledged that there are concerns regarding the changing character of the area due to the loss of family homes and the development of flats. However, there is no reference in Policy D2 to types of occupancy, or guidance in respect of the form or pattern of development, other than in terms of overall design and harmonisation. Consequently, a development of flats, as opposed to family houses, does not conflict with Policy D2.
- 10.12 Policy GBSP2 aims to ensure development within towns is compatible with the maintenance and enhancement of their character. As reasoned above, the development would be compatible with the character of this part of Hatfield, and therefore there would be no conflict with this policy.
- 10.13 Whilst it is appreciated that there are concerns that this development could set a precedent which could have a cumulative and detrimental effect on local character, it is noted that no similar sites or applications to which this might apply have been put forward within Holly Close. Furthermore, each application is considered on its own merits and a generalised fear of precedent can only be given very limited weight in the consideration of this planning application.
- 10.14 In addition, the proposed development complies with Paragraph 50 of the Framework which states that housing development should respond to future demographic needs and market trends.

3. Quality of design with particular regard to the residential amenity and living conditions of neighbouring occupiers and future occupiers

- 10.15 The small addition to the porch would not impact upon the living conditions or residential amenity of the occupiers of neighbouring properties in terms of overlooking, loss of light or overbearing impact.
- 10.16 In regards to the use, and the intensification of the use of the property as residential, the number of bedrooms within the building would be reduced from six to four. One objection commented that the proposal would result in additional noise disturbance to the occupiers of the adjoining property. Policy R19 seeks to prevent adverse impact of noise on noise-sensitive uses. Whilst the use may intensify due to the separate units, this increase would not result in additional generation beyond what would be expected as reasonable noise within a residential environment. In addition, the potential for a small increase in the total number of car journeys and the associated noise from vehicles would be relatively small in comparison to the total amount of vehicles which use Holly Close. Therefore, the increase in visitors is unlikely to have any material impact on neighbour amenity in comparison to the existing situation. It should be noted that noise disturbance from anti-social behaviour is covered by other legislation and therefore can only be given very limited weight in the consideration of this planning application.
- 10.17 The resulting increased density of the site is not considered to be substantial and the potential for additional noise or disturbance as a result would not be sufficient to justify a refusal on this basis alone. In this respect, no objections are raised with regard to Local Plan Policy H4, D1 and R19.
- 10.18 Turning to the amenity of future occupiers of the proposed flats, it is a core planning principle of the NPPF that decisions should always seek to secure high quality design and a good standard of amenity for all existing and future occupants of land and buildings. This is part of the requirement for good design to contribute positively to making places better for people as set out in Part 7 of the NPPF.
- 10.19 Policies H4 and D1 and the Supplementary Design Guidance do not give specific dimensions for provision of amenity space but require provision to be appropriate for the location and function. No.11 and 11a benefit from private rear garden, albeit the garden serving No.11a is very small and awkward in shape. It is proposed to realign the boundary fence to provide a functional garden for both No.11a (45sqm) and the ground floor flat (56sqm). The first floor flat would have no immediate access to open space, however, this would not necessarily provide unacceptable living conditions for occupiers who are content with this nature and location of accommodation. On this basis it is considered that the proposal would afford a satisfactory living accommodation for the future occupants of the flats and No.11a in accordance with stated policies.

4. Access, impact on the highway network and parking provision

- 10.20 In terms of parking, Paragraph 39 of the NPPF states that if setting local parking standards authorities should take into account the accessibility of the development, the type, mix and use of the development, availability of public transport; local car ownership levels and the overall need to reduce the use of high emission vehicles. Saved policy M14 of the District Plan and the Parking

Standards Supplementary Planning Guidance (SPG) use maximum standards and are not consistent with the framework and are therefore afforded less weight. In light of the above, the Council have produced an Interim Policy for Car Parking Standards that states that parking provision will be assessed on a case by case basis and the existing maximum parking standards within the SPG should be taken as guidance only.

- 10.21 Nos.11 and 11a Holly Close share a vehicular access and a block paved area to the front of the property. This area provides off street parking for up to five cars which can be independently accessed. The Council's Car Parking Standards recommends 1.5 off street spaces for a two bedroom flat in this area (zone 3). As such, 3 on-site parking spaces would be required for the proposed conversion, which is the same parking requirement as the existing six bedroom house. No.11a is a one bedroom property for which 1.25 spaces are recommended. The total recommended off street parking for the resultant three residential units would be 4.25 spaces. The five spaces which already exist therefore exceed the recommended parking provision by 0.75 spaces. The proposal is therefore in accordance with Council's Parking Standards and Policy M14 of Welwyn Hatfield District Plan. A planning condition is suggested to ensure that the provision of a parking space for both No.11 and No.11A is retained permanently.
- 10.22 In terms of cycle storage, the Parking Standards SPG identifies a requirement for one long term secure cycle storage space per residential unit. Although cycle storage is shown on the Proposed Site Plan, only limited details have been provided. A planning condition is therefore suggested requiring further details with regard to the design of the cycle store to be submitted to and approved in writing by the Local Planning Authority in accordance with Policies M14, D1 and D2 of the District Plan 2005.
- 10.23 Turning to access arrangements, no objection has been raised by Hertfordshire County Council. There have been no accidents reported in the previous five years relating to the site. The proposal does not include any amendments to the sites access arrangements, nor is the development likely to impact on highway visibility. The addition of a dwelling is unlikely to result in a material impact to highway capacity on the local network and as such it is unlikely that the development will result in a material impact to highway capacity or safety.

5. Other material planning considerations

i) House in multiple occupation

- 10.24 Since 12th January 2012, there has been an Article 4 Direction covering the whole of Hatfield removing permitted development rights for change of use from C3 (Dwellinghouse) to C4 (Houses in Multiple Occupation). The rationale for the Direction is detailed within the Houses in Multiple Occupation, Supplementary Planning Document, February 2012.
- 10.25 As a result of the Direction, it is considered appropriate and reasonable to a condition to ensure that the development, which has been assessed and determined on the basis of being in C3 use is not first occupied within C4 use, over which the Council would have no control. It is also reasonable to remove permitted development rights for a change of use from a C3 dwellinghouse to a C4 HMO. It is therefore recommended that conditions are attached.

ii) Refuse and recycling storage

- 10.26 The introduction of 'wheelie bins' and recycling boxes has led to problems with the storage of these containers. The proliferation of bins can create a considerable amount clutter which in turn has a harmful impact upon the visual amenity of the streetscene and the character of the area contrary to Local Policies D1 and D2. Inappropriate storage of bins on the highway can also disrupt pedestrian and the traffic movements.
- 10.27 Consideration must be given not only to the provision of bin stores, but also to whether or not householders are likely to feel adequately encouraged to make consistent use of these areas. In this case the Proposed Site Plan shows the storage of bins to the front of the site against the existing boundary hedge. There is space available around the storage area to provide a screen, or a timber enclosure or similar. This would not only protect the visual amenity of the streetscene but would also encourage occupants to return the bins to the designated area. A planning condition is therefore suggested requiring details of the design of the bin store to be submitted to and approved by the Local Planning Authority in accordance with Policies D1, D2 of the District Plan 2005.

iii) Landscaping

- 10.28 Local Plan Policy D8 requires landscaping to form an integral part of the overall design, and in this respect the high quality design required by Policy D1 and D2 would again be relevant. Landscaping is important in order to protect and maintain, or ideally enhance, the existing character of the area and to reduce the visual and environmental impacts of the development. It is important that an appropriate balance between hard and soft landscaping is maintained and the Council will aim to ensure that a proportion of the site frontage is retained as landscaped 'greenery' to reduce the visual prominence of hard surfacing and parked vehicles. In this case, whilst no planting of significant amenity value would be affected by the proposed development, the existing boundary hedge which encloses much of the front of the site is considered to have significant value in terms of visual amenity and the character of the area to warrant protection. A condition is therefore suggested requiring the retention of the existing hedge to maintain the character of the area and to reduce the visual and environmental impacts of additional parking and bin storage.
- 10.29 In terms of boundary treatments and landscaping within the rear gardens which would serve the ground floor flat and 11a, only limited landscaping details have been provided. Therefore, conditions are also suggested requiring these details to be approved and implemented for the benefit of future occupiers in accordance with Policies GBSP2, D1, D2 and D8 of the Welwyn Hatfield District Plan 2005.

iv) Restrictive covenants

- 10.30 Matters relating land ownership and restrictive covenants are not protected by planning legislation and therefore carry little weight in determining planning applications. An informative is suggested so that the applicant is aware that planning permission does not convey any consent which may be required under any legislation other than the Town and Country Planning Acts.

Conditions

10.31 The National Planning Policy Guidance governs the use of conditions in planning and the power to impose conditions when granting planning permission is very wide. If used properly, conditions can enhance the quality of development and enable many development proposals to proceed where it would otherwise have been necessary to refuse planning permission. The objectives of planning, however, are best served when that power is exercised in such a way that conditions are clearly seen to be fair, reasonable and practicable. Conditions should only be imposed where they are both necessary and reasonable, as well as enforceable, precise and relevant both to planning and to the development to be permitted. In considering whether a particular condition is necessary, both officers and members should ask themselves whether planning permission would have to be refused if that condition were not to be imposed. If it would not, then the condition needs special and precise justification.

11 Conclusion

11.1 The proposed development represents an appropriate form of development which is of sufficient design, would provide a satisfactory level of accommodation for its future occupants, would not negatively impact upon the character and context of the area, respects the amenity of the occupiers of adjoining premises and provides sufficient parking while promoting sustainable methods of transportation. Accordingly, subject to suggested conditions, the proposal complies with Policies SD1, H2, H4, R1, GBSP2, D1, D2, D8 and M14 of the Welwyn Hatfield District Plan 2005, the Supplementary Design Guidance Statement of Council Policy 2005 and relevant parts of the National Planning Policy Framework 2012.

12 Recommendation

12.1 It is recommended that planning permission be granted subject to the following conditions:

1. The brickwork, bond, mortar, detailing, roofing material, guttering, soffits and other external decorations of the approved extension/alterations must match the existing dwelling/building in relation to colour and texture.

REASON: To ensure a satisfactory standard of development in the interests of visual amenity in accordance with the National Planning Policy Framework and Policies D1 and D2 of the Welwyn Hatfield District Plan 2005.

2. Details of the design and specification of a store or screen for the refuse and recycling bins to serve the residential units shall be submitted to and approved in writing by the Local Planning Authority. Subsequently the refuse and recycling store or screen shall be constructed, equipped and made available for use, in accordance with the approved details, prior to first occupation and retained in that form thereafter.

REASON: To ensure a satisfactory standard of refuse and recycling provision and to protect the visual amenity of the streetscene in accordance with the National Planning Policy Framework and Policies GBPS2, D1 and D2 of the Welwyn Hatfield District Plan 2005.

3. No development shall commence until a scheme for the provision of secure cycle parking on site has been submitted to and approved in writing by the

Local Planning Authority. The development shall not be carried out other than in accordance with the approved scheme.

REASON: In order to ensure that there is adequate provision for secure cycle accommodation within the application site, encouraging alternative modes of transport in accordance with the National Planning Policy Framework and Policies GBSP2, M14, D1 and D2 of the Welwyn Hatfield District Plan 2005.

4. The hedges marked on the Proposed Site Plan (Drawing No.P-03 Rev D) shall be retained. Should any part of the hedge die, be removed or become seriously damaged or diseased, it shall be replaced during the following planting season by a hedge planted in accordance with a specification previously submitted to and approved in writing by the Local Planning Authority.

REASON: To protect the existing planting in the interests of visual amenity in accordance with the National Planning Policy Framework and Policies GBSP2, D1, D2, D8 of the Welwyn Hatfield District Plan 2005.

5. No development shall take place until full details on a suitably scaled plan of both hard and soft landscape works have been submitted to and approved in writing by the Local Planning Authority. The development shall not be carried out other than in accordance with the approved details.

The landscaping details to be submitted shall include:

(b) means of enclosure and boundary treatments

(e) hard surfacing, other hard landscape features and materials

(g) planting plans, including specifications of species, sizes, planting centres, number and percentage mix, and details of seeding or turfing

REASON: The landscaping of this site is required in order to provide usable private amenity space for the benefit of the future occupiers of the development hereby permitted in accordance with the National Planning Policy Framework and Policies GBSP2, D1, D2 and D8 of the Welwyn Hatfield District Plan 2005.

6. All agreed landscaping comprised in the above details of landscaping shall be carried out in the first planting and seeding seasons following the occupation of the first building, the completion of the development, or in agreed phases whichever is the sooner: and any plants which within a period of 3 years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species. All landscape works shall be carried out in accordance with the guidance contained in British Standards 8545: 2014.

REASON: To ensure proper implementation of the agreed landscape details in the interest of the amenity value of the development in accordance with the National Planning Policy Framework and Policies GBSP2, D2 and D8 of the Welwyn Hatfield District Plan 2005.

7. The five parking spaces as designated on the Proposed Site Plan (Drawing No. P-03 Rev D) shall be allocated and made available for parking before the development hereby permitted is first occupied. This provision must be retained permanently thereafter for the parking of vehicles for residents/occupiers of No.11A Holly Close and the two new flats (Nos.11B & No.11C) and must not be used for any other purpose.

REASON: To ensure that the spaces are provided prior to the occupation of the units in the interests of highway safety and in accordance with the National Planning Policy Framework and Policy M14 of the Welwyn Hatfield District Plan 2005.

8. The development hereby permitted shall be used for Class C3 dwellinghouse[s] only and notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking or re-enacting that Order with or without modification), no development within Schedule 2, Part 3, Class L shall take place.

REASON: The Article 4 Direction covering Hatfield removes the Class I permitted development rights to move from a use falling within Class C3 (dwellinghouses) to a use falling within Class C4 (Houses in Multiple Occupation) and to enable the Local Planning Authority to fully consider the effects of development normally permitted by the Town and Country Planning (General Permitted Development) Order 2015 to maintain mixed, balanced, sustainable and inclusive communities and in the interests of residential and visual amenity in accordance with the Houses in Multiple Occupation Supplementary Planning Document 2012 and Policies GBSP2, D1 and D2 of the Welwyn Hatfield District Plan 2005 and the National Planning Policy Framework.

DRAWING NUMBERS

9. The development/works shall not be started and completed other than in accordance with the approved plans and details:

Plan Number	Revision Number	Details	Received Date
P-02	A	Proposed Floor Plans	9 May 2017
P-03	D	Proposed Elevations & Site Plan	9 May 2017
P-01		Existing Plans & Elevations	17 January 2017
		Location Plan	17 January 2017

REASON: To ensure that the development is carried out in accordance with the approved plans and details.

1. POSITIVE AND PROACTIVE STATEMENT

The decision has been made taking into account, where practicable and appropriate the requirements of paragraphs 186-187 of the National Planning Policy Framework and material planning considerations do not justify a decision contrary to the development plan (see Officer's report which can be viewed on the Council's website or inspected at these offices).

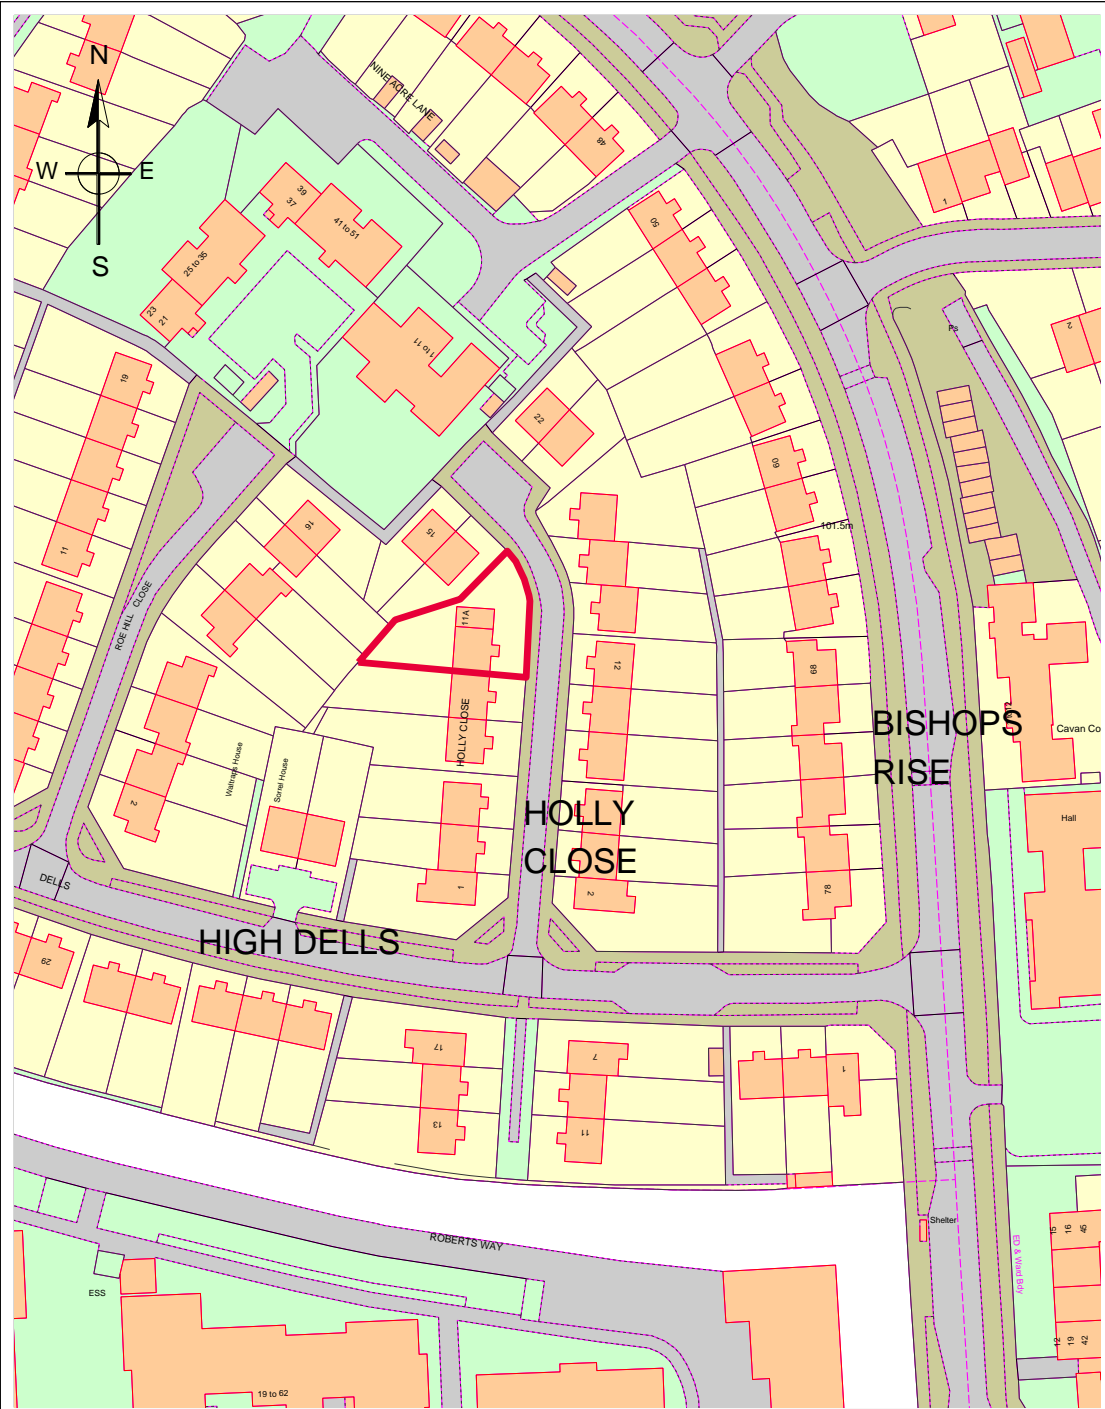

Informatives:

1. This permission does not convey any consent which may be required under any legislation other than the Town and Country Planning Acts. Any permission required under the Building Regulations or under any other Act, must be obtained from the relevant authority or body e.g. Fire Officer, Health and Safety Executive, Environment Agency (Water interest etc. Neither does this permission negate or override any private covenants which may affect the land.
2. The applicant is advised to take account the provisions of The Party Wall Act 1996 insofar as the carrying out of development affecting or in close proximity to a shared boundary.
3. The granting of this permission does not convey or imply any consent to build upon or access from any land not within the ownership of the applicant.
4. The development will involve the numbering of properties and naming new streets. The applicant MUST contact Welwyn Hatfield Borough Council, Transportation (Lorraine Davis 01707 357546 before any name or number is proposed. This is a requirement of the Public Health Act 1875 and Public Health (Amendment) Act 1907.

Mark Peacock, (Public Protection, Planning and Governance)
