BC 1	Provision of Building Control Service by Herts Building Control Ltd Failure of company to provide building control service to the Council, including statutory functions and 24/7 service to deal with dangerous structures	Colin Haigh - Head of Planning			15		
Any Comments	Herts Building Control Ltd is operational and provemergency call out service. However certain face arrangements for transfer and delegation of power	ts of this shared servi	ce are still yet	to go live in	cluding the	e proposed	-
BC 2	Inability to make building control decisions in emergency situations Constitution and Scheme of Delegation authorises the Chief Executive, Director and Head of Planning to sign-off building control decisions in emergency situations. The transfer of staff to Herts Building Control Ltd means that forms cannot currently be signed-off by building control officers as they are no longer council employees for the purposes of the Constitution and Scheme of Delegation. This is a particular risk in out-of-office hours. The mitigation arrangements are that building control officers	Colin Haigh - Head of Planning			15		

	will offer on-the-ground advice to emergency services and arrange for contractors to make buildings safe or be fenced off where necessary.						
Any Comments	Officers currently considering merits of creating Larrangement.	A1 to carry out statut	ory duties on be	half of all se	even auth	norities involv	ved in new
PL 6	Inadequate professional resource Inability to provide acceptable level of service due to insufficient staff or staff with insufficient knowledge and experience. Consequence(s): Poor provision of service to the customer. Inability to adequately provide service. This may lead to greater instances of complaint. Potential for inability to meet government targets with regard to service delivery. Reputational and potential financial risk.	Colin Haigh - Head of Planning Sue Tiley - Planning Policy & Implementation Manager Lisa Hughes - Development Management Service Manager	Planning - Recruitment Policy		16	16	16
Any Comments	Recent job advertisements have attracted candidate Recent job advertisements have failed to attract of the recommendations from the Planning Advisory the ongoing budget discussions.	andidates for senior	policy and projec	cts jobs in F	olicy tea	m.	
SH 3	Strategic Housing - Non Delivery on section 106 sites. Risk - Private developers no longer building on s106 sites. Consequences - Failure to deliver the affordable Housing programme and meet the corporate promises.	Sian Chambers - Head of Housing & Community Services Jeremy Morton - Principal Housing Development Manager	Strategic Housing - Planning Toolkit viability appraisals		16	16	16

	Independent Living - Ending of SP contracts for provision sheltered housing and Lifeline service from 1 April 2015 (Flexi-care from 1 April 2017) The service will need to be funded entirely by the HRA/the service can no longer be provided. Consequences: Residents unable to request assistance or receive support. Sheltered housing services would cease to be viable.	Jan Woods – Head of Independent Living	Service Charge being implemented 01.04.2015. Discussions with external providers have secured financial gain through the provision of services. Exploring potential for further flexi-care units. Strategic review of the sheltered housing service, in progress, in partnership with the council. Exploring charges for contract with other landlords who receive lifeline services and for use of communal facilities.	Implement service charge, subject to consultation and council approval. Agree terms of an SLA with Riversmead, Thrive Homes and B3 Livingouncil for provision of services. Negotiate new contracts with other landlords for provision of lifeline service. Implement new charging policies for communal areas. Continue strategic review of sheltered housing service	15		
Any	Communal Facilities charge in place are housing benefit eligible and so in	most cases wil	Il be covered due to the c	lient group.			•
Comments	Continually review and consider any Entered into arrangement with Police	• •		_			

	door sensors, distraction burglary, de increase. Housing Management - Failure to carry out annual gas safety checks through non access to our tenanted properties. Not meeting statutory requirements		Servicing carried out every 10 months. Robust procedures - regular monitoring. Weekly operational	Formal review of procedure and	e in rever	nue as case numbe
	and failure to ensure appliances are maintained in a safe condition. Consequences: At extreme level faulty gas appliances could result in death and or legal proceedings against senior managers of the [Housing Service/Council]. Reputational damage to the organisation.	Kathy Robertson – Specialist Housing Manager	management and monitoring. Monthly reporting to OMT/SMT. Reports reviewed by Services Committee and Board of Management	practice annually. Promotion through website/housing matters etc. Training / awareness sessions.	15	
Any omments	Currently achieving 100% compliance	e with annual g	as safety checks.			
	Housing Management - Fire damage to one of the [Council's] properties Vulnerable households in social housing are at particular risk of harm from fire. Within Hertfordshire, Welwyn area is a high risk area due to fire related incidents according to the Fire Service. Within the Welwyn area, social tenants are even more exposed to risk. Consequences: A serious fire incident could result in injury or death of the tenant and/or members	David Baker – Head of Housing Management	Partnership working with Fire Service to jointly review and develop strategies to effectively promote fire safety in the home. Protocol with Fire Service. Training / good practice updates by Herts Fire Service for staff. Annual gas servicing	Working with the Fire Service to refer cases for Fire Safety audit/home visit. Consider joint visit with Fire Service at the time of the new tenancy visit. Comprehensive survey (Tenant Audits) to be undertaken. Fire risk assessments	15	

	of their household. Minor fire damage could mean household members require emergency rehousing and void repairs for fire damage may not be fully covered on insurance due to excess provisions.		checks. Hoarding prevention and joined up work with other partners.	carried out as part of estate management H&S visits. Hoarding procedures being reviewed in liaison with fire service.			
Any Comments	100% compliance with annual gas sa Hoarding project on-going with office party organisations to provide specia Low number of accidental fires within	rs working with list assistance.		-	dinating tl	he involven	nent of 3 rd
	Property Services – Health and Safety That failures in management controls, working practices, procedures or other foreseeable risk results in a serious incident that causes harm to Human life. Consequences: Occurrence of preventable incidents that result in harm to human life. Risk of prosecution corporately and personally. Reputational risk to the Council.		Staff H&S Inductions. Contract management practice and procedures. Compliance with the annual health & safety action plan. Lone working system for staff.	Introduction of revised safety management system.	15		

Any Comments	No comments were made.		of CHAS or similar). Ongoing analysis of department training & development needs.			
Comments	Property Services – servicing, planned and preventative maintenance. That the regimes in place for the management of key risks (Including Control of Asbestos, Gas Safety, Fire Safety, Fire Risk, Lift Safety, Electrical Safety, Water Safety) fail to deliver effective controls. Consequences: Heightened risk of a serious incident, occurrence that is harmful to human health, injury or fatality(s). Significant Legal Risk to the Council and its Officers. Reputational Risk to the Council. Financial Risk to the organisation resulting from responsive restorative action or legal expenses	Peter Gray Head of Property Services (Housing)	lifts (Including hoists and other related equipment): Ensuring	Implement Asbestos Management Action Plan. Carry out 3rd party audit on Gas Contract works. Review and update related policies and procedures as part of SMS. Development of contract specific risk registers for key risk based contract areas as part of SMS. Carry out Fire Risk Assessments on communal areas of blocks.	15	

that adequate contractual arrangements are in place for risk assessment, testing and monitoring of stored and circulating water systems in accordance with relevant ACOPs. Audited annually. Electrical Safety: Ensure that electrical testing & upgrade is undertaken as part of the void process or other planned works packages. Programme of periodic testing and upgrades. Asbestos Management: Ensuring that adequate contractual arrangements are in place for asbestos surveying, removal, management and record keeping. Thorough Testing: Ensuring that a programme of Thorough Testing for Lifts, Calorifiers,

Commercial Plant and other relevant systems is in place. Ensure that Asbestos surveys are undertaken & acted upon for any & all intrusive or destructive works and that all works are being undertaken by a suitably qualified and competent contractor. Ensure that all relevant premises hold a current, actively reviewed and managed Fire Risk Assessment. Ensure that all relevant contracts are being actively reviewed and managed to assure the Council that a good level of service is being delivered. (Performance monitoring, Progress meetings, risk management). Ensure that regular reviews of commitment and expenditure against budget are conducted to assure

			prudent & accurate financial management.			
Any Comments	No comments were made.					
	Property Services – ICT and Telecommunications. That the Orchard Housing Management System, Telecommunications systems or other technologies fail to adequately support the delivery of the Property Services function. Consequences:	Peter Gray Head of Property Services (Housing)	Regular discussion of IT related matters at [Management Team] SMT level. Creation of a Property Services IT group with reporting & improvement meetings. Feed into the Council IT strategy to highlight current and potential future requirements. Feed into and support the preparation and testing of Business Continuity Planning in respect of the failure of IT Infrastructure, Telephony or key software (including Orchard, Lifespan and Agresso).	Property Services IT group with reporting & improvement meetings. Review Business Continuity Planning in respect of the failure of IT Infrastructure, Telephony or key	15	

Any Comments	No comments were made.		Full participation in the annual budget setting			
	Asset Management – Budget Management. That failures to the budget setting or management process result in underbidding or overspending of available funds. Consequences: Principally a financial and reputational risk. Dependent upon severity, this could put current and future spending plans at risk as well as undermining the basis of the Council Business Plan. Additionally, poor budget management could generate various regulatory compliance issues which may threaten the viability of the organisation.	Peter Gray Head of Property Services (Housing)	process utilising investment planning and modelling of requirements as the basis for bids. Regular engagement at senior and contract management level with the Finance team to assure sound budget management and monitoring is in place. Preparation and review of the Five Year Forward investment plan to predict future requirements. Monitoring of the Gas Contract against contract requirements. Monitoring of the Partnering Contract (Mears) against	Regular Budget Meeting Reviews. (L) Re-procurement of Contractors - with clear financial management models.	15
