WELWYN HATFIELD COUNCIL
RESOURCES OVERVIEW AND SCRUTINY COMMITTEE – 20 JUNE 2018
REPORT OF THE CORPORATE DIRECTOR (RESOURCES, ENVIRONMENT AND
CULTURAL SERVICES)

SOPRA STERIA CONTRACT PERFORMANCE – 2017/18

1.0 Executive Summary

- 1.1 The purpose of this report is to provide Members with an analysis of the service performance for Sopra Steria against contractual key performance indicators and service level targets for benefits, council tax, business rates, Information Communication Technology (ICT), contact centre, reception and switchboard.
- 1.2 The overall performance has been good since the commencement of the partnership despite the period of economic uncertainty we have gone through, and the welfare reform changes which have impacted on performance.
- 1.3 Performance for some of the key performance indicators for Quarter 4, January 2018 to March 2018, is shown in Appendix A.

2.0 Recommendation

- 2.1 Resources Overview and Scrutiny Committee note the contents of this report.

3.0 Explanation

- 3.1 Sopra Steria attends weekly and monthly meetings to report on their performance against set targets and to discuss any plans they have in place to address areas where targets have not been achieved. These meetings are used as a management tool to monitor the service delivery of the partner, ensuring that the needs and expectations of our customers are being met. Any penalties arising through the partner's failure to achieve set targets, or incentives for exceeding some targets, are identified at these meetings.
- 3.2 Performance when measured against the key performance indicators for quarter 4 was very good, with 10 out of 12 PIs ahead of target.
- 3.3 The collection of both council tax and business rates was ahead of target, with business rates particularly high and the processing of new benefit claims was also ahead of target.
- 3.4 Contact centre performance was slightly below a challenging target, but above the figure reported for the corresponding quarter last year and reflects a return to normal staffing levels. Reception centre performance was back on target.

3.5 The performance of the IT service has been good throughout 2017/18.
