# 1. Introduction and Background

#### Purpose of Report

- 1.1 This report details:
  - a) Progress made by the Shared Internal Audit Service (SIAS) in delivering the Council's Annual Audit Plan for 2020/21 as at 11 September 2020.
  - b) Details of changes to the planned start dates of audits from the approved 2020/21 Audit Plan.
  - c) Proposed amendments to the 2020/21 Annual Audit Plan report.
  - d) The implementation status of previously agreed audit recommendations.
  - e) An update on performance management information as at 11 September 2020.

#### Background

- 1.2 The 2020/21 Annual Audit Plan was approved by the Audit Committee at its meeting on 19 March 2020.
- 1.3 The Audit Committee receives periodic updates of progress against the Annual Internal Audit Plan. This is the second report on the delivery of the 2020/21 Internal Audit Plan.
- 1.4 The work of Internal Audit is required to be reported to a Member Body so that the Council has an opportunity to review and monitor an essential component of corporate governance and gain assurance that its internal audit provision is fulfilling its statutory obligations. It is considered good practice that progress reports also include proposed amendments to the agreed Annual Audit Plan.

## 2. Audit Plan Update

Delivery of Audit Plan and Key Audit Findings

- 2.1 As at 11 September 2020, 39% of the 2020/21 Audit Plan days had been delivered (the calculation excludes contingency).

2.3 The following 2020/21 final report have been issued since 12 June 2020 (cutoff date for the SIAS Update Report for 25 June 2020 Audit Committee):

| Audit Title        | Date of Issue  | Assurance<br>Level | Number of<br>Recommendations |
|--------------------|----------------|--------------------|------------------------------|

#### Changes to Projected Audit Start Dates

2.4 To help the Committee assess progress in delivering the 2019/20 Audit Plan, Appendix B details agreed start dates. These dates were agreed with management and resources allocated accordingly. This schedule was designed to facilitate smoother delivery of the audit plan through the year.

#### Proposed Amendments to Audit Plan

- 2.5 At the start of the financial year, Council and SIAS resources were focused on responding to the COVID-19 pandemic. As a result, there have been some delays in progressing the 2020/21 audit plan (delays to the 2020/21 audit plans were experienced across all SIAS partners). As a result of the loss of available time to deliver the originally agreed plan, the SIAS Board agreed to a reduction in the total number of planned days across the partnership, this amounted to 26 days for Welwyn Hatfield Borough Council. The following changes were agreed with management and are proposed to this committee:
  - a) Food Safety (10 days) Audit Cancelled as a result of officer availability to support this audit given the ongoing pressure within the service area. This audit will be considered for inclusion in the 2021/22 audit plan;
  - b) Joint Reviews and Shared Learning (5 days) Cancelled allocation of planned days to be removed from the plan in agreement with SIAS Board to suspend these activities allowing time to be spend on assurance activities;
  - c) Contingency (5 days) Removed allocation for contingency to be removed from the plan;
  - d) Treasury Management (1 day) Day Reduction (8 to 7 days) reduced the budget for this audit by 1 day;
  - e) Climate Change and Sustainability (1 day) Day Reduction (8 to 7 days)
    reduced the budget for this audit by 1 day. This project is being delivered at all SIAS District and Borough partners and this change brings the number of days in line with the other partners;
  - f) Finalisation of 2019/20 Projects (3 days) Day Reduction reduced the number of days required for completing 2019/20 projects as performance in 2019/20 exceeded planned delivery at year end;
  - g) Recommendations Follow Up (1 day) Day Reduction reduced the budget for follow ups to reflect the reduction in follow up required during Q1 and Q2.

2.6 The impact of the above changes means that the total number of days to be delivered is 279 days, reduced from 305 as originally approved by this Committee in March 2020. In making the above changes, the planned audit projects have been safeguarded and only one assurance project has been removed from the plan to ensure that assurance opinions provided to the Council for this financial year are well informed.

#### High Priority Recommendations

- 2.7 Members will be aware that a Final Audit Report is issued when it has been agreed by management. This includes an agreement to implement the recommendations that have been made. It is Internal Audit's responsibility to bring to Members' attention the non-implementation of high priority recommendations. It is the responsibility of officers to implement the recommendations by the agreed date.
- 2.8 There are no high priority recommendations that remain outstanding and we have not made any new high priority recommendations during 2020/21.

#### Medium Priority Recommendations

- 2.9 From 1 April 2019, SIAS has assumed responsibility for the co-ordination of following up the implementation status of Internal Audit medium priority recommendations from the Council's Principal Governance Officer. Internal Audit has worked with Council management to develop a database of audit recommendations, regardless of the recommendation priority, to monitor the implementation status and progress to date. It has been agreed with Council management that SIAS will follow up all recommendations made since 1 April 2018.
- 2.10 Appendix C details the implementation status of all 'Medium' priority recommendations that have not been fully implemented by the original target date, or for which no management response has been received at the date of this report. Appendix C has been abridged to fit this Progress Report, and the full database is maintained on a shared drive. This can be supplied by Council management on request, should it be required. Typically, a summary of the status of all 'Medium' priority recommendations is set out in a table, however there are no medium recommendations that have reached their targets dates prior to this Committee.

#### Performance Management

2.11 Performance indicators and associated targets are approved by the SIAS Board on an annual basis. As at 11 September 2020, actual performance for Welwyn Hatfield Borough Council against the targets that can be monitored in year is set out in the table below:

| 4. Number of High Priority Audit<br>Recommendations agreed   | 95%              | 95%   | N/A<br>(None made)  |

2.12 In addition, the performance targets listed below are annual in nature. Performance against these targets will be reported in the 2020/21 Head of Assurance's Annual Report:

**5. Annual Plan** – prepared in time to present to the March meeting of each Audit Committee. If there is no March meeting, then the plan should be prepared for the first meeting of the financial year.

**6. Head of Assurance's Annual Report** – presented at the Audit Committee's first meeting of the civic year.

## APPENDIX D – ASSURANCE AND FINDINGS DEFINITIONS 2020/21

| Assurance Level | Definition  |
|-----------------|---|
| Good            | The design and operation of the internal control framework is effective, thereby ensuring that the key risks in scope are being well managed and core objectives will likely be achieved. There are minor reportable audit findings.  |
| Satisfactory    | The internal control framework is largely working well in managing the key risks in scope, with some audit findings related to the current arrangements.  |
| Limited         | The system of internal control is only partially effective, with important audit findings in key areas.<br>Improvement in the design and/or operation of the control environment is necessary to gain assurance risks are being managed to an acceptable level, and core objectives will be achieved. |
| Νο              | The system of internal control has serious gaps, and controls are not effective in managing the key risks in scope. It is highly unlikely that core objectives will be met without urgent management intervention.  |
| Priority Level  | Definition  |
| Critical        | Audit findings which, in the present state, represent a serious risk to the organisation as a whole, i.e. reputation, financial resources and / or compliance with regulations. Management action to implement the appropriate controls is required immediately.                                      |
| High            | Audit findings indicate a serious weakness or breakdown in control environment, which, if untreated by management intervention, is highly likely to put achievement of core service objectives at risk. Remedial action is required urgently.   |
| Medium          | Audit findings which, if not treated by appropriate management action, are likely to put achievement of some of the core service objectives at risk. Remedial action is required in a timely manner.  |
| Low / Advisory  | Audit findings indicate opportunities to implement good or best practice, which, if adopted, will enhance the control environment. The appropriate solution should be implemented as soon as is practically possible.   |
