

Risk: Recognising and responding to current and future technology needs	Risk Manager: Assistant Director (ICT and Digital)	Last updated: 08 July 2024	
Description of risk: Failure to recognise and respond to the Council's technology needs will impair service delivery and preserve or introduce inefficient processes. This will lead to a poorer service for customers, ineffective investment of time, money and effort with additional costs for the Council in the short and long term. It is also likely to cause reputational damage.	Controls: End User Services contract Use of specialist contractors Transformation Programme Technology Design Principles ICT Strategy Staff engagement	Risk Manager Commentary: The ICT Service works closely with Services within the Council to understand priorities and to respond rapidly to changing needs. Much of the Service has been brought in-house, allowing for closer working, cooperation and informed support for other teams. ICT & Digital forms a core part of the Transformation Programme, designed to deliver technology meeting the Council's current and future business needs. The Web Development and Intranet team have transferred to the ICT & Digital Service to ensure the most productive fit. ICT Management regularly meet with suppliers to understand opportunities for advances and efficiencies presented by new technologies.

Risk: Cultural change (Transformation)		Risk Manager: Executive Director (Finance and Transformation)		Last updated: 08 July 2024	
Description of risk: It is crucial that staff, the public and members buy into change programmes, to ensure delivery of the Transformation strategy and vision. Failure in this area could lead to financial implications and reputational damage.		Controls: Communications Plan Engagement activity Transformation Strategy and Action Plan Transformation Board and wider Governance Project Management Framework		Risk Manager Commentary: The transformation board meets on a regular basis to oversee key change projects, and considers staff and member communication as part of this. Staff engagement in change is considered on a project by project basis. Work continues on embedding the CORE values into the day to day performance management framework for staff, this is in the final stages and unions are currently being consulted on the proposed framework. New corporate priorities have been agreed, and the annual business plan targets will be presented alongside the budget. A report on progress against the strategy was presented to Cabinet in January and key areas of work for the 24/25 programme have been reviewed and agreed by the board. A new learning and development framework is in development, to ensure staff have access to the training and development to excel in their roles.

Risk: Recruitment, Retention and Organisational Development		Risk Manager: Human Resources and Organisational Development Manager		Last updated: 05 July 2024	
Description of risk: Issues with recruitment, sickness, staff development and retention within the team may impact on the ability to deliver council services. The consequences of this may mean the council is unable to delivery statutory services, or fail to deliver its corporate plan and annual action plans. The impacts of these would be far reaching and would likely include legal, financial and reputational impacts.		Controls: HR Policies and Procedures Use of agency staff Use of specialist contractors Agency Worker Framework Training and Development Recruitment and Retention Policies and Procedures Learning from exit interviews and staff surveys Regular management monitoring of workforce data Learning Management System and Training Plans		Risk Manager Commentary: Recruitment activity continues to be high. We are able to appointment to most roles. Sickness absence has started to drop. We are currently promoting the new respect at work policy. We continue to develop our careers website to attract candidates to our roles; we have added a video to promote an apprenticeship vacancy.

Risk: Employment legislation	Risk Manager: Human Resources and Organisational Development Manager	Last updated: 05 July 2024
Description of risk: Failure to follow policies and best practice could lead to employment tribunal claims, which if found against the council, would have reputational, financial and legal impacts.	Controls: HR polices and procedures Management training and briefing sessions Legislation HR Training and development Management oversight Insurance Learning from previous cases Professional legal advice and support HR Networks and national guidance	Risk Manager Commentary: Briefing sessions are held when there are changes to policies & procedures to keep managers up to date with best practice and legislative changes. HR Advisors are now aligned to Directorates, enabling closer working relationships with managers & HR. We are implementing a new performance framework and development a new learning & development framework.

Risk: Data Governance		Risk Manager: Executive Director (Finance and Transformation)		Last updated: 08 July 2024	
Description of risk: Failures in data governance across the council could lead to data not being held or correctly managed in line with legislation, including data transparency, data protection, freedom of information and environmental information requirements. Failures could lead to severe financial penalties and reputational damage.		Controls: Data Retention Policy Data Protection Policy and Procedures Information Asset Register Privacy Impact Assessment Procedures Freedom of Information Processes Data Transparency Processes Reuse of data policy and procedures Appeals processes ICT / Cyber controls Corporate Governance Group		Risk Manager Commentary: The council has a number of policies and procedures in relation to the protection and control of data. Training was rolled out in the quarter 3 2023/24 and around 95% of all staff have completed the training. Processes are being reviewed for those staff that do not access IT as part of their role. Refresher training is planned for later this financial year using e-learning modules. There have been no reportable breaches in the quarter

Risk: Elections		Risk Manager: Executive Director (Finance and Transformation)		Last updated: 08 July 2024	
Description of risk: New legislation has come into force which will see new requirements, including voter ID. Failure to promote and manage this could lead to reputational damage and legal challenge, in turn possibly leading to financial implications. We have yet to complete larger scale elections (government and county) since this new legislation has been introduced, and further legislative changes are anticipated		Controls: Weekly meetings with returning officer Project plans Staff training and development Understanding and management of risks at operational level Government guidance		Risk Manager Commentary: Weekly meeting are being held in the run up to the May elections to ensure measures are in place for the smooth running of the elections and continued compliance with the legislation that came into force last year. Polling stations are in place and resource requirements for postal votes, polling and the count etc are in place. The elections took place and ran successfully. Since this, a General Election has been announced. Due to the short notice this risk has been increased and management are working closely with the Elections team to ensure key deadlines are met. The risk score reflects the position at the end of June, since this date the elections were held and ran smoothly, and received positive feedback from those present at the count.

Risk: Financial Sustainability	Risk Manager: Executive Director (Finance and Transformation)	Last updated: 08 July 2024
<p>Description of risk:</p> <p>The council is in a time of high inflation, with ongoing cuts to government funding forecast for the coming years. It also has restrictions on how much funding can be raised through council tax.</p> <p>The cost of living crisis is likely to have an impact on the ability of residents and businesses in paying debts due to the council, and may impact on the use of discretionary services such as our cultural services, and associated income streams.</p> <p>The reducing capital balances for the general fund puts means the council will become more reliant on borrowing, and interest rate rises will increase the revenue cost to deliver capital schemes. Identification of long term efficiency plans, and sound financial controls, will be crucial to ensure the medium and long term sustainability of the council.</p>	<p>Controls:</p> <p>Income monitoring and trend analysis Medium Term Financial Strategy Debt policy and procedures/Debt monitoring Budget Setting Process Financial Regulations Minimum Reserve Policy Minimum Revenue Provision Policy Budget Monitoring and Reporting Transformation Programme Treasury Management Strategy Internal Audit/External Audit Fraud Prevention</p>	<p>Risk Manager Commentary:</p> <p>The financial outturn was favourable, with overspends being mainly offset with increased investment income receipts. The favourable variances that occurred during 2023/24, put the council in a stronger starting position with its reserves for 2024/25. The quarter 1 outturn forecasts will be presented to Cabinet at the same meeting as the risk registers.</p> <p>The budget was approved at Council in February, which proposed minimal use of general reserves. The medium term forecasts were updated as part of this, and a reserves strategy included to reduce overall balances to smooth the financial challenges in the years ahead.</p> <p>Treasury controls have been maintained and prudential indicators have not been breached.</p> <p>Due to a balanced budget being approved, the residual probability was decreased slightly at Q3 2023/24, but remains high overall due to the challenges in future years and will be kept under review as we approach the next budget setting period. The MTFS will be next reviewed over the summer. Since quarter end, a new government has been elected. Financial forecasts will be updated once more information is known.</p>

Risk: Fraud and Corruption		Risk Manager: Executive Director (Finance and Transformation)		Last updated: 08 July 2024	
Description of risk: The council, as a public body, is at risk of fraud and corruption, particularly in relation to housing benefit, council tax support and housing tenancies. Whilst these are not the only areas of potential fraud, these are key services which fraud is commonly attempted. Fraud against the council will lead to financial implications, reputational damage if left uncovered, and may lead to residents not obtaining services required.		Controls: Fraud and corruption policies and procedures Shared anti Fraud Service Fraud reporting hotline and online forms National fraud initiative Hertfordshire Fraud-Hub Hertfordshire fraud hub		Risk Manager Commentary: The council joined the shared anti-fraud service from 1 April 2023. A refresh of policies is complete and these were approved by Audit Committee during quarter 1. Teams are now reviewing their operational procedures and SAFS are working with them to ensure that fraud referrals and checks are built into processes at the right stages. An internal audit has been underway on the approach to anti-fraud during quarter 4, and the results were issued in April - This received substantial assurance with only one low priority recommendation. The annual SAFS report was presented to Audit Committee in quarter 1, along with the Annual Governance Statement.

Risk: Cyber Security		Risk Manager: Assistant Director (ICT and Digital)		Last updated: 08 July 2024	
Description of risk: Issues with cyber security, could lead to loss of sensitive and operational data and render systems unuseable, in turn impacting on the Council's ability to deliver key and statutory services. A major incident could lead to extended downtime, which could impact financially, legally and have a significant impact on the Council's reputation.		Controls: Network Architecture Malware detection Data encryption User awareness Disaster recovery plan (e.g. off-site back-up) DR Tests External Alerts (Eg WARP, NCSC and suppliers) Internal Monitoring (e.g. SIEM) Email gateway PSN accreditation Health checks and Penetration tests ICT policies and procedures Staff training (e.g. Phishing Simulation)		Risk Manager Commentary: The council's ICT environment is subject to 3rd-party testing and accreditation as part of Public Sector Network membership, with any vulnerabilities identified and remedied. The council has once more been reaccredited for 2024/2025. The ICT Team employ a strong range of technical preventative and mitigating measures (including firewalls, timely security patching, anti-malware software, etc.). We include Cyber Security as a core consideration in all major infrastructure and application renewal. The council has adopted Security Information & Event Management (SIEM) system, successfully flagging and mitigating cyber attacks in real time, and more recently a 24/7 managed Endpoint Detection & Response service and Incident Response contract to enhance its network security. We have recently introduced multi-factor authentication to protect account security, upgraded firewalls in February 2024 and have blocked access from overseas by default. The council undertakes phishing simulations to maintain high awareness of this risk, which are run quarterly. Staff are required to undertake cyber security awareness training annually with similar training recently provided to members.

Risk: ICT Continuity		Risk Manager: Assistant Director (ICT and Digital)		Last updated: 08 July 2024	
Description of risk: Issues with the Council's core ICT infrastructure (network, data centre, etc.) could lead to major ICT failures, in turn impacting on the Council's ability to deliver key and statutory services. A major incident could lead to extended downtime, which could impact financially, legally and have a significant impact on the Council's reputation.		Controls: Disaster recovery plan (e.g. off-site back-up) Disaster recovery Tests Internal Alerts (e.g. Network & Server Monitoring) Server room controls (cooling, gas suppression systems, UPS, back up generator) Use of cloud-based services ICT policies and procedures Business continuity planning Staff training		Risk Manager Commentary: The Council's data centre includes significant use of resilient technologies, providing failover in the event of hardware failure. ICT manage contractual relationships with core suppliers carefully to minimise the risk of 3rd-party service disruption. Comprehensive back-ups are in place to ensure that systems can be recovered with minimum loss of data. The Council has a contract in place for the provision of Disaster Recovery services, replicating the service provided by the in-house data centre and we continue to assess and move towards Software as a Service Cloud technology where appropriate. Long-term back-up and DR arrangements using cloud-based technologies (likely to be for implementation in 2025) are being pursued, which would provide protected back-ups and see a much reduced Recovery Time Objective.

Risk: Industrial Action		Risk Manager: Human Resources and Organisational Development Manager		Last updated: 17 July 2024	
Description of risk: Industrial action stemming from employment matters, such as the pay award or changes to terms and conditions, can removed resources from our operations. This could have financial, reputational and health and safety implications.		Controls: Business Continuity Plans Emergency Plans Formal engagement with trade unions		Risk Manager Commentary: The employers side have made a final pay award offer for 2024/25. One trade union has balloted and rejected the offer. Since quarter end, another trade union has announced results of their ballot which is to accept the offer. The results of the third union have been announced since the end of the quarter, and they have also rejected the offer. Due to the uncertainty in the area, the risk has been increased.

Risk: Strategic - RSH Regulatory Standards		Risk Manager: Executive Director (Resident Services and Climate Change)		Last updated: 17 July 2024	
Description of risk: Failure to comply with the Regulator of Social Housing's Regulatory standards, including the Social Housing Regulation Bill and Housing Ombudsman's expectations leads to Regulatory intervention and Reputational consequences		Controls: Social Housing White Paper Action plan in place Tenant Survey Measures commenced Training of Members Staff training and development		Risk Manager Commentary: A Strategic Housing Managers group has been established to meet quarterly, to ensure actions are co-ordinated across teams; this complements the operational Housing Mangers meetings that take place. Our self-assessment of compliance with the consumer standards and Social Housing Regulation Act has been completed. Action plan in progress and some tasks already completed. Some managers to commence CIH training also. Good progress - 62 out of the 100 consumer standard items are with completed or in progress. The residual risk score has been lowered as the council has an action plan and governance in place, and a number of key actions have been implemented, to ensure compliance with the standards.

Risk: Planning - SPD masterplans		Risk Manager: Assistant Director (Planning)		Last updated: 04 July 2024	
Description of risk: Failure to deliver aspirations of Local Plan as a consequence of failure to adopt SPD masterplans for strategic sites		Controls: Identification of sufficient resources and skills across the Planning Service to the preparation of masterplans. Early and meaningful engagement with stakeholders and members. Potential external support and expertise to supplement internal resources.		Risk Manager Commentary: Work on Masterplans, where they can be secured, is continuing positively. Work has progressed well with the masterplan for Birchall Garden Suburb (joint with East Herts Council). Community information sharing events were held in July 2023 and the masterplan was endorsed by CPPP and Cabinet in August and September 2023. Work is now well advanced on the North West Hatfield masterplan and the Marshmoor masterplan. Both are being led by Gascoyne Estates, working with WHBC, HCC and stakeholders. Work has also started on the masterplan for land to the west of the railway line at Brookmans Park. The Planning Service has identified a need for specialist advice in some areas and has recently procured specialist Urban Design advice. These costs will be met by the applicant through the agreement of a Planning Performance Agreement.

Risk: Leisure and Culture - Sustainability		Risk Manager: Assistant Director (Leisure, Community and Cultural Services)		Last updated: 03 July 2024	
Description of risk: Failure to operate leisure and culture facilities in a way which maximises usage through responding to changing demands, increase energy efficiency to limit costs, and plan for replacement of ageing facilities could threaten the provision of facilities throughout the Borough		Controls: Business plans are in place for all leisure and culture assets. Buildings being used in more efficient ways, and commercial opportunities are being explored. Plans are being developed to review the future provision of leisure and culture assets and how ageing buildings will be tackled. Energy efficiency measures have been implemented. Management of GLL contract.		Risk Manager Commentary: Leisure centre operational reviews take place monthly with the operator and any issues are discussed and escalated as required. There is close working between teams to ensure that referrals and members are promoted to the site in multiple ways, e.g. involvement with the healthy hub. Income streams at our cultural assets have been diversified, including the successful trial and expansion of live events.

Risk: Planning for, and delivering, high quality affordable homes for everyone	Risk Manager: Executive Director (Place)	Last updated: 03 July 2024	
Description of risk: Failure to co-ordinate the delivery of new homes of all tenures and types could lead to a lack of availability of homes, increased prices and increased homelessness.	Controls: Planning, Housing Development and Housing Needs co-located in Place directorate to ensure co-ordinated strategic approach to the provision of new homes. Emerging Local Plan has been progressed, and key allocations have been considered by DMC. New social homes being built by the Council. Well resourced Housing Options and Allocations teams with investment in temporary accommodation.	Risk Manager Commentary: A number of large scale AHP projects have completed in 23/24. Further work is being carried out to prepare for the next phase of projects, with new governance arrangements being put in place. The planning team are also engaging positively with developers to negotiate the optimum housing mix for sites as they come forward, having due regard to individual site viability. The Housing Strategy Manager post is currently vacant and the duties are being covered in a different way. It has been noted across the sector that high build costs are impacting the sector.

Risk: Failure to be prepared for the impacts of climate change	Risk Manager: Assistant Director (Public Realm)	Last updated: 08 July 2024	
Description of risk: In the event of predicted impacts of climate change (UKCP 18) projections for 2030 and 2050, there is an increased risk that WHBC will not be sufficiently prepared for the consequences of; wetter and warmer winters with greater potential for extreme rainfall events; drier and hotter summers with greater potential for heatwaves; and increased frequency of extreme climatic induced events, such as intense storms, wildfires and droughts. This may lead to deterioration of key infrastructure and assets, limited access to key services by vulnerable residents, an increased demand/pressure on many services, associated community-wide consequences, increasing and significant financial challenges, service disruption and/or a lack of service delivery/effectiveness, deterioration of public health, possible injury/loss of life, ecological and environmental impacts and associated reputational damage to WHBC	Controls: Climate Change Strategy Climate Change Action Plan Climate Change Member Board Carry out individual project risk assessments (developing project risk register) Ensure all directorates update Business Continuity Plans to reflect climate change risks identified Ensure communications team communicate extreme weather event guidance to staff and residents with an extreme weather event alert system Continue to implement our CAP to try to limit impacts of climate change and more broadly influence national and international action to reduce the drivers of the climate crisis	Risk Manager Commentary: Since the arrival of the Climate Change Officer in Summer 2023, there has been a refreshed focus in the Council’s work on Climate Change. Work delivered to date includes a complete refresh of the Climate change strategy and action plan, launched the climate change hub for the community, carried out a resident survey in the climate change area as well as delivered a range of community events. Going forward in 24/25, a series of events has been planned for the Great Big Green week 8-15 June. A new Climate Biodiversity Cabinet Panel will also be meeting to inform Cabinet on issues relating to Climate Change. Climate action plan updated and new transition to net zero strategy to be approved.

Risk: New Government's new Resources and Waste Strategy		Risk Manager: Assistant Director (Public Realm)		Last updated: 17 July 2024	
Description of risk: There are draft proposals regarding waste producer responsibility and collection of waste/recyclables, garden waste but the details are not yet known. There are potential Implications for Councils in terms of the collection operation of waste and recycling and additional costs.		Controls: Monitoring the proposals. Monitored closely and information shared in the Hertfordshire waste strategic and operational partnerships Project plan for implementation of food waste recycling at flats.		Risk Manager Commentary: Proposal for food waste and dry recycling from all properties to be introduced from March 2026. Govn funding provided for food waste to flats implementation which will be progressed during 2024/25 . The Producer Responsibility duties requirements are still being considered by the Government and likely not to be decided until 2025.
