6 Risk Management Implications

- 6.1 There is a risk related to providing grants to voluntary organisations in that there is the possibility that the organisation could go into administration and as such the funding would be lost. There is also the possibility that organisations do not spend the grant provided on the agreed projects or costs as per their applications.
- 6.2 The risks are mitigated as much as possible through the application process, where information is provided about the organisation, its governance and financial structures and the reason it has applied for funding. All successful grant applicants sign up a service level agreement with the council which sets out the terms of the grant and also what information is to be provided to monitor the outcomes. The information provided includes evidence on where the funding was spent.
