- 1.5** Where a phased planning permission is granted, Regulation 9.4 requires that each phase is treated as a separate chargeable development. Each separate phase is liable for its own CIL contribution and can pay in line with the instalments policy, where valid forms are received prior to commencement.
- 1.6** Once the development has commenced, the CIL payments must be made in accordance with the CIL instalment policy. Where instalments do not clear the Council's bank account by the due date, the total CIL liability will become payable in full immediately.
